

YOUR LEARNING JOURNEY WITH DLC TRAINING

Here at DLC Training, we support individuals and businesses with the development of their careers and employees. DLC is there each step of the way to ensure each student gets the support they need and can complete their course in a time and pace that suits them. Here is a quick look at our seven-step process to ensuring our students are able to grow their careers and gain their qualifications.

1

CHOOSE

Here at DLC Training, we provide an extensive range of course options. With support and guidance from the course advisory team, you can be safe in the knowledge that the course you study will be the right course for your professional development.

ENROLLING

When you're ready to begin your studies, let your course advisor know and they will be happy to provide you with the link to carry out your enrolment online. You can then organise payment for your course, which can be processed in a variety of ways. We also offer flexible payment options.

2

3

START LEARNING

Your course is divided into units, and you'll receive access to each unit as you progress through them. You can study at any time and at a pace to suit you, and you can access the DLC Hub anywhere so you can study when you're on-the-go.

PROACTIVE SUPPORT

You can arrange contact with your tutor whenever you need support with your course. This can be carried out via telephone, video call, or email. You'll also be able to speak to the learning support team for general support such as navigating around the platform, submitting assignments, and booking exams.

4

5

NETWORK WITH OTHER LEARNERS

The DLC Hub includes a forum where you can speak with your fellow learners. You can use this as a support network, to share ideas or get study tips and advice.

SUBMIT YOUR ASSIGNMENTS/SIT YOUR EXAMS

Depending on your course, you will have assignments to complete or exams to sit, or a combination of both. The learning support team will assist you with finding a suitable location and registering for you exams. They can help you with submitting your assignments too - anything you need, just ask!

6

7

GAIN YOUR ACCREDITED QUALIFICATION

Successfully complete your course and become an expert in your industry.
